This garden centre range trolley is suitable for use under the most exacting of conditions, the Nursery barrow can be used by customers and Garden Centre staff alike for carrying all manner of large or small loads. The nursery barrow is both light to use and highly mobile with two large diameter pneumatic wheels positioned at the front. Rear wear protected legs give the trolley stability when loading and in general use. Rugged, heavy duty construction and a smooth phenolic faced plywood load deck provides an exceptional level of durability. Load rating: 400kg. The nursery barrow is also available with a single central wheel if required. Nursery Barrow Trolley GCR5 Features Wear strip fixed to all legs of the trolley for long life even on the roughest of surfaces All welded trolley construction for strength and durability under harsh conditions with ladder style deck
