The Container Truck consists of a moulded, medium density polyethylene tank together with a powder coated mild steel frame. It is ideal for when the tank is required to take a reasonable weight and be safely moved. The tank can be used as a stand alone truck or can be slid securely into the frame for transportation. The container truck is fitted with 200mm fixed and swivel rubber tyre castors. It has a completely smooth interior for easy cleaning. The container truck is available in a range of colours, you can choose the colours in the options. Blue and red trucks are kept in stock, other colours are made to order.
