This fantastic little stock trolley is such a versatile trolley, fun to use whether for warehouse use or in-store for Garden Centres or DIY sheds. Fully nesting, the design of this platform trolley allows the trolley to be used with the top shelf folded up for large objects, or down for smaller items.

This three sided compact merchandise picking trolley has been designed specifically to accommodate four 600x400mm tote Boxes. A push/pull handle bar along one short dimension allows for easy manoeuvrability even when at the load capacity. This trolley is also fitted with two fixed and two swivel brake non marking heavy duty nylon castors.
