Specifications	
Overall Size	1088x1088x1995mm
Width	1088mm
Depth	1088mm
Height	1995mm
Capacity	1800L

This adjustable bulk bag holder has a capacity of 1800L, so can be used with FIBC big bags and bulk bags with a capacity of up to 1800L. Its adjustable posts are secured with bolts and have additional bolt holes allowing the frame height to be easily modified to suit different bag sizes. The bag holder has cupped feet to enable safe stacking when not in use, an ideal space saving solution for industrial environments. For ease of handling, the base frame is fitted with integrated forklift hoops, allowing for safe and efficient transportation around the workplace. All our holders are powder coated in a wide range of RAL standard colours, you can select the colour from the options.
