Height	1995mm
Capacity	1800L
Finish	Galvanized

Designed to adapt this adjustable bulk bag holder supports FIBC big bags and bulk bags with capacities of up to 1800L, ensuring versatile use across a range of applications. Its adjustable posts are secured with bolts and have additional bolt holes allowing the frame height to be easily modified to suit different bag sizes. The holder has cupped feet to enable safe stacking when not in use, an ideal space saving solution for industrial environments. This bulk bag holder is in a galvanized finish providing superior corrosion resistance preventing rusting even in harsh outdoor environments delivering reliable, long lasting performance.
