Our board trolleys are ideal for any commercial or industrial environment, such as a warehouse or stock room. Base unit is supplied with 2 upright sections and 1000 mm adjusting beams, different length beams can be selected and additional uprights can also be added as per your requirements. Product shown in photos is with 2000 mm beams and 2 additional uprights. The uprights can be moved closer together by loosening the 3 locking nuts and sliding along the connecting beams. This also means that they can be dismantled for storage when not in use.
