Our platform trolleys offer a quick and easy way to move products and items around without a lot of menial labour. We even have an alternative wheel option. You can replace the two swivel castors for our braked swivel castors giving you extra control and customisation of what platform trolley best suits your requirements. As a specialist trolley manufacturer for commercial and industrial properties, we offer a wide range of order picking trolleys, turntable trucks and platform trolleys. Completely boxed, this platform trolley provides a quick and easy way to store and move around smaller objects. From a lot of small boxes to smaller objects, they can easily be stored in this trolley to be quickly moved around without the worry of dropping them. A completely boxed platform trolley provides exceptional support for almost any industry looking for a new trolley No Braked Castors (Standard)
