This is a very different kind of order picking trolley compared to the other models that we have on offer. 4 Stack boxes are able to be stored on these order picking trolleys to allow for quick and easy organisation. They are very light and easy to use making them ideal for light duty picking and packing operations. The range of order picking trolleys create a quick and easy method of picking and moving orders when needed. When orders are stocked in warehouses, our order picking trolleys save time and make obtaining and delivering orders to different areas such as easier.
