We offer a range of order picking trolleys, all of which are designed for different purposes. This order picking trolley is very similar to the OPT107 model, but instead of 4 containers, this trolley is suited to hold two boxes on two shelves. Boasting the same benefits, these order picking trolleys are very Light and easy to use, making them ideal for light duty picking and packing operations. The range of order picking trolleys create a quick and easy method of picking and moving orders when needed. When orders are stocked in warehouses, our order picking trolleys save time and make obtaining and delivering orders to different areas such easier.
