

Metal Frames and Benches

Product Overview

Frame UN100

VAT and Delivery
Not Included

Specification			
Product	Trolley Dimensions in mm		
	Width	Length	Depth
UN100 Frame - 150 x 610 x 500	150	610	500

- This is our range of sheet metal frames, either free standing or wall mounted, that are designed to hold our range of modular, extractable, box units - sold separately.
- The range consists of 3 different frame sizes which when supported by our modular boxes, allows the implementation of a professional storage system.
- The frames are made from strong electrowelded sheet steel and stove enamelled in grey epoxy powder paint - RAL 7035.
- There is an optional locking bar system available for specific box models - contact us for details.
